Personal Summary

I am an Enthusiastic, highly-motivated professional with experience in management, who likes to take initiative and looking for new challenges.
I have recently undertaken an online courses and I am seeking an opportunity to extend my knowledge and web development skills.

Work Experience

2021 – Present

Webdev – 101

Web developer

Bristol Tech Fair - working on a project of free tech resource platform for under 18s. To convert a **Figma** design to a real website I collaborate with other developers on slack or **GitHub** and **Visual Studio Code** is my IDE **.** For the front-end stack I use **ReactJS** with **Styled Components** and **React Hooks** to handle the state. For testing purpose **React Testing Library** is my tool**.** Regarding back-end stack it is **MongoDB**, **Mongoose**, **NodeJS**, **Express**.

2006 - Present

Tesco PLC

Customer Assistant, Team Leader, Manager

Oversee the responsibility for replenishing store shelves, racks, and displays. Communicate directly with multiple customers and support clients through suggesting products according to specified needs. Support senior manager in implementation of process improvement initiatives and achieving predefined goals by leading teams in day-to-day activities. Perform a broad range of tasks, such as maintaining schedules, providing legal training, evaluating employees' performance, updating documents, and dealing with customer queries.
• **Led, trained**, and **developed** up to 20 employees as a team leader and manager to enhance performance and effectiveness of the team.
• Successfully **increased** the profit and lowered the risk through implementation of **effective strategies** and **coaching** the team.
• Achieved sales targets and minimized inefficiencies to accomplish predefined performance targets by motivating and coaching employees to work according to standards.
